Eligible for Canada's International Experience Canada (Working Holiday) work permit — open to relocation, no visa sponsorship required for initial 12 months.

SUMMARY

Marketing and strategic-planning professional with a data-driven edge, combining hands-on campaign and event execution with an Applied Statistics background. As a Digital Marketing Intern in Toronto, I conducted SEO audits and Google Maps visibility analysis to identify consumer patterns and improve local business visibility. I don't just run programs — I measure them: using R, SQL, Python, and Google Apps Script to turn operational data into decisions, including a live dashboard tracking 300+ participants across 49 countries.

SKILLS

Marketing Research · Business Analysis · Campaign Planning · SEO · Consumer Insight · Brand Strategy · CRM · KPI Tracking · Data Visualization (R Shiny, Looker Studio) · R · SQL · Python · Google Apps Script · Event Planning · Cross-Cultural Communication

EXPERIENCE

JOINUS KOREA — Seoul, South Korea

Database Administrator, Tour de Force Program Jan 2026 – Jun 2026

- Managed participant databases and built automated data workflows with Google Sheets and Apps Script, maintaining attendance and matching records while reducing repetitive manual tasks
- Used Python and R to analyze participant and survey data, providing insights that improved event planning and operations

Deputy Planning Manager, Tour de Force Program Jul 2025 – Dec 2025

- Planned and coordinated cultural exchange programs and local tours, organizing schedules, logistics, and participant requests for English-only events
- Guided participants through the full event lifecycle, resolving on-site issues and communicating in English across diverse cultural teams

CIEN — Chung-Ang University IT Entertainment Club, Seoul, South Korea

Content Planner & Designer Jun 2026 – Present

- Co-designed and shipped a team-based Flash puzzle game with 4 members, contributing to game mechanics, level design, UI concepts, and visual assets
- Independently built and shipped a fully functional Stardew Valley NPC mod (SMAPI, Content Patcher, JSON) — original dialogue, art, and event logic
- Leveraged AI-assisted development to learn unfamiliar tools and iteratively refine the project until successful implementation

Tamwood International College — Toronto, Canada

Digital Marketing Intern (Co-op Placement) Jul 2022 – Jul 2023

- Performed local SEO and Google Business Profile audits for 100+ dental clinics, analyzing visibility, reviews, and competitor performance
- Recommended accessibility improvements, supporting a client's website relaunch and increased inquiries

Hanuel Education — Seoul, South Korea

English Teacher Mar 2021 – Jun 2022

- Delivered customized 1:1 English instruction, lifting one student's test scores by ~60% and class rank by 5 places

EDUCATION

Chung-Ang University, Seoul, South Korea Mar 2021 – Aug 2026

B.A. English Language & Literature, Double Major in Applied Statistics · Final GPA 3.8/4.5 · Exchange: Université de Montréal, Canada (Sep 2024 – May 2025)

LANGUAGES

Korean (Native) · English (Full Professional Proficiency — TOEFL 90, OPIc IH)
